

## **Eulois Cleckley Bio**

Eulois Cleckley currently serves as the Manager of State and Metropolitan Planning for the District Department of Transportation (DDOT). Mr. Cleckley also oversees the Motor Carrier Division which was established to develop policies and manage initiatives that ensure the efficient and safe mobility of trucks and buses in the District of Columbia while mitigating community impacts and preserving transportation infrastructure. Mr. Cleckley has been instrumental in addressing District wide policies regarding commuter, intercity, tour bus operations in the city. In his current capacity, Mr. Cleckley has worked with various District agencies, communities, businesses and organizations to develop and institute regulations and processes regarding commercial vehicle movement throughout the District.

Mr. Cleckley has private and public sector experience related to freight transportation, commercial vehicle planning and supply chain management. Prior to joining DDOT, Mr. Cleckley held numerous positions in the transportation industry; Mr. Cleckley managed east coast supply chain and logistics operations for Wal-Mart, Private Fleet Division. He has also served as a transportation specialist at the US Department of Transportation, Federal Highway Administration, Freight Management and Operations Division, where he coordinated with various state agencies within the US DOT by assisting in the development national policies regarding commercial vehicles. Before joining DDOT, Mr. Cleckley served as a senior project manager consulting to various State DOTs and planning organizations on transportation and freight planning projects and founded and served as Executive Director of the Demarche Alliance INC, a non-profit organization focused on increasing the presence of small businesses in the transportation industry and raising awareness of transportation related issues involving underserved communities.

Mr. Cleckley has a Transportation and Logistics degree from North Carolina Agricultural and Technical State University and a Masters in Global Logistics as well as a Global Logistics Specialist Professional Designation from California State University. Mr. Cleckley also serves on the National Academy of Science/Transportation Research Board, Urban Freight and Vehicle Size and Weight Committees, and serves as the District of Columbia representative on the Metropolitan Washington Council of Governments Transportation Planning Board.
