WOMEN IN BUSES WEEKDAYS SERIES

Wednesday, November 1 | 2:00 p.m. ET

CARB 101: An introduction to the California Air Resource Board's Zero-Emissions Regulations
Hosted by the WIB's Operations, Maintenance, and Drivers Committee

The California Air Resource Board has adopted zero-emission standards that could affect the motorcoach industry.

• What are the CARB regulations?
• Why is it important to you even if your state currently has not adopted CARB?
• How does it affect the industry as a whole?
• Why is it important to you even if your state currently has not adopted CARB?
