January 11, 2016
2:00 PM ET

Chair
Lynette McMillian
Greyhound Lines
New York, NY
Earnestine.mcmillian@greyhound.com

Vice Chair
Liliana Aguilar
Omnibus Express
Houston, TX
laguilar@autobusesejecutivos.us

David Cooper-TSA Industry Engagement Manager-TSA Official will provide an update of ongoing efforts in coordination with the bus industry to enhance security and protect the traveling public. This will include an intelligence brief and lessons learned from the June 2015 BISC security exercise in Baltimore, Maryland

Corporal Keye Wysocki, Trooper First Class & Jennifer Ruhl, PSP–Philadelphia State Police-Narcotic Trafficking in Mass Transportation- Each and every day across the United States thousands of pounds of illegal narcotics and millions of dollars in narcotic proceeds (US currency) travel across our highways and roadways. Traffickers and couriers utilize mass transportation, such as buses, trucks, trains, vehicles, and freight companies, to conduct their “business”. This presentation will bring awareness to the illegal activity and help those in the bus industry identify and combat the problem while keep their employees and the members of the traveling public safe and out of harm’s way.

Group Supervisor Kevin Tyrrell, Homeland Security Investigations-Combatting Human Trafficking from Awareness to Enforcement-Human trafficking is the trade of humans, most commonly for the purpose of sexual slavery, forced labor or commercial sexual exploitation for the trafficker or others. Every year, thousands of men, women and children fall into the hands of traffickers in the United States and abroad. It is estimated to be over a $30 billion dollar “industry” globally and is thought to be one of the fastest-growing activities of trans-national criminal organizations. This presentation will bring awareness to human trafficking and the laws associated with human trafficking violations.
