Time Magazine’s “Favorite New App”
Empower customers to search and find trips between any two points.

- Address, city, point of interest or actual GPS location.
- Not limited to a specific city or station search.
- Automatically finds the closest bus station near origin and destination.

Expanding the bus market through connections.

- Expand our partner’s coverage by allowing them to tap into our global network
- Wanderu’s proprietary routing technology connects bus, train and ferry options into one itinerary for a simple booking for the traveler.

Best-in-class technology: 100+ results in milliseconds, seamless booking experience.

Maps and directions integrated in for each bus station and connections.

- Shows walking, driving and transit directions.
Unique Technology: Real-time multi-modal routing.

Wanderu is the only site that can provide true multi-modal bookings.

From: JFK Airport
To: Niagara Falls

1. Wanderu finds the nearest bus stops and stations to the airport and to Niagara Falls.

2. Wanderu’s advanced routing algorithm combines in real time a bus and a train itinerary to get the traveler to their destination.

3. One simple booking form for all segments. Tickets come directly from each provider.

This trip can only be found on Wanderu.
Wanderu is the only truly multi-modal ground travel search that combines different modes of transport allowing people to search point to point and reach any destination within our network.

30% of our bookings are only possible on the Wanderu platform because of these unique technologies.

This creates a fully incremental and very valuable sales channel for our partners.
