

BROUGHT TO YOU BY PREVOST

LOOKING TO TRAIN NEW DRIVERS?

**ARE YOUR EXISTING DRIVERS IN
NEED OF A REFRESHER?**

Pull ahead of the competition with industry approved training courses for your motorcoach drivers.

www.buses.org/drivertraining

INDUSTRY APPROVED

Comprehensive program incorporates best practices to ensure drivers are well prepared to safely navigate the roads.

COST EFFECTIVE

Targeted courses optimize your training spend. Only \$25 per course for ABA members (\$100 if you buy all five courses at the same time). \$29 per course for non-ABA members.

TIME SAVER

Standardized program saves time and money! No more need to produce and administer your own orientation program.

**ONLINE ACCESS
(Web Deliverable)**

Electronic platform provides maximum flexibility. Students can access content from any computer with Internet connection.

HIT THE ROAD SAFELY!

These CDL training courses were created and vetted by the ABA Driver Education Curriculum Committee and utilize FMCSA's standardized curriculum and industry best practices.

The comprehensive curriculum includes a variety of relevant topics:

- ➔ Class B Vehicle Basic Operation
- ➔ Advanced Operating Practices
- ➔ Pre- and Post-Trip Inspection
- ➔ Non-Vehicle Activities
- ➔ Passenger Endorsement

Safety experts from leading manufacturer and motorcoach companies – along with Alliance Safety Council, an approved TPR (Training Provider Registry) by the FMCSA – created the ABA Education Curriculum Committee to develop the Theory Training portion in accordance with the Entry-Level Driver Training (ELDT) regulations from the FMCSA. By completing these courses, drivers will have the knowledge and theory requirements to take their Class B CDL test. Course completion records will be sent to the FMCSA, beginning in February 2022.
